

About Unstone Grange

WHAT WE STAND FOR

The guiding principal of the Unstone Grange Trust is Unity in Diversity. We believe that interconnectedness, built on the firm foundation of mutual respect for each other and our differing choices of life paths is the key to the future. We recognise that our diversity is our strength. We affirm the importance of learning to respect and cherish our differences, and from them build bridges of love, tolerance and understanding.

We recognise that our chance to be part of the solution rather than part of the problem will be greatly improved by each one of us consciously Taking Responsibility for our own personal, spiritual and creative development and learning.

WHAT WE DO

As our contribution to the collective we are committed to sustaining and managing Unstone Grange as a beautiful place where people can come together to explore and grow in their understanding of life, themselves and others. We make no judgements about what people do here, other than asking that our guiding principals of Unity in Diversity and Taking Responsibility are respected, and that Unstone Grange is left in at least as beautiful a condition as they found it.

HOW WE DO IT

We do this in three ways:

- By making Unstone Grange available as a venue to a wide variety of groups and organisations
- By organising our own events and courses across the spectrum of life choices
- By offering people the opportunity to join with us as volunteers in this contribution to the collective.
